## Oregon Coast Community College Instructor Evaluation Report

Written Comments			
Qualities or techniques which are commendable:			
<p>This is my first year as a clinical instructor and I am so pleased with my new position. I truly enjoy teaching/working with the students and helping them to accomplish their dream to become R.N.s. I believe it is my passion for their success that allows me to connect with the students and my positive and encouraging attitude that helps to build the student/teacher trusting relationship that fosters growth.</p>

Instructor comments (attach additional sheets if necessary):			
<p>It is a primary goal for me to finish my B.S.N. by the summer of 2017. Looking over my evaluation, it is apparent that I need to continue to work on learning the A.A.S.N. program so I can better help my students. I have struggled this year to know the layout of the program and the expectations of schedules, goals, and course of study. However, since it is my first year of learning the position, I do expect next year to be more organized, efficient, and have a much better grasp of the program.</p>
