OREGON  
COMMUNITY

**Oregon Coast Community College**

@occcsharks · Community College

It's been a **VUCA**\*  
year

- NWCCU Independence
- Pandemic Response, Pivots, Restarts
- Went 100% remote
- Earned Title IV Status
- Fiscal challenges
- Restructured to align with budget
- SBDC to the rescue
- CAREs Act Roller-Coaster
- Fires
- ERP Migration
- Built new far-reaching systems
  - Financial Aid
  - Registrar Office
- Issued our first OCCC Certificates

\***VUCA: Volatile, Uncertain, Complex, Ambiguous**

*So many people  
to thank for  
bringing OCCC  
through this year*

- Community support of OCCC continued.
- The supportive & understanding Board of Education.
- Elected officials who did their best to keep us whole.
- Faculty who pivoted to on-line and have mostly been there ever since, consistently student-centered.
- Staff (custodial, student services, admin assts, & more) who exhibited commitment & willingness to make things work for students, despite the conditions.
- An intrepid band of 15 humble and ingenious administrators who found a way through, over or around every challenge 2020 threw at them.
- Our students, who persevered through it all. And our students for whom it became too much: We understand & will find you and invite you back.

*EXCITING NEW DECISIONS AND OPPORTUNITIES:  
DIPLOMAS AND TRANSCRIPT SEAL*

# *Marine Innovation Center*

- OCCC is a partner in emerging proposals under the umbrella of MIC: Marine Innovation Center.
- Partners: OSU, Hatfield & MSI; OCCC; Workforce Investment Board; Lincoln County School District; Port of Toledo; many more
- a concept of Lincoln County as the “anchor” of developing the marine sector in Oregon.
- A compelling vision that will hopefully bring grant funding to various MIC projects.
- For OCCC this include curriculum development of Maritime Construction, and potentially even some support for our next facility, the “WERC.”

# *Adjustment of Zone Boundaries*

# ***ORS 341.175<sup>1</sup>*** ***Adjustment of zone boundaries***

- Except as provided in ORS [255.400](#) (**Definitions for ORS 255.400 to 255.424**) to [255.424](#) (**Notice requirements to bring action**), the board shall adjust the boundaries of zones established within a district as necessary to make them as nearly equal in population as is feasible according to the latest federal census. The board also shall adjust boundaries of zones as necessary to reflect boundary changes of the district. [Formerly **341.916**; 1969 c.220 §3; 1971 c.513 §28; 1983 c.350 §199; 2019 c.449 §38]

- Zone 1.....6350
- Zone 2.....5442
- Zone 3.....6009
- Zone 4.....4812
- Zone 5.....5090
- Zone 6.....4205
- Zone 7.....6832

*Current Registered  
voters by Zone*

(we will need population,  
updated by 2020 Census when  
available.)

# Dana Jenkins, LC Clerk

- *OCCC zones are not aligned exactly with current precinct lines, they are close.*
- *I would request that if you propose any changes, they go along existing precinct boundaries (as the Lincoln County Library District and the Lincoln County School District recently did).*
- *The new LCSD zones go along with the communities and areas of the county that were intended when the zones were originally formed.*

## *Next Steps*

- County Clerk will inform us when the new census data is available (during 2021).
- Not required as part of ORS compliance, but could be timely for Board to evaluate the current zoned structure.
- There are a number of Oregon cc's that have a hybrid model with 5 zoned seats and 2 at-large.
- The statute allows cc districts to establish board positions by zone, at large, or a combination of the two. This is accomplished at the time of the district formation.
- In order to change it, the board would need to take an initiative petition out to voters and ask for voter approval. There would be election costs (possibly mitigated if we also had another measure on the Ballot)
- Place on January/February agenda for discussion?
