2. Instructional Leadership Team – Dan Lara

- a) Many faculty will have received emails from Tabitha about classes not offered for at least 3-years, asking for their recommendation as to whether to keep them active or to retire them.
- b) Looking to adapt technology from Linn-Benton that helps students map out their curriculum pathway. LBCC is still working on it and it won't be available for us to view until late spring.
 - This will also help with building year-long schedules, instead of term to term. Particular for pathways for business, biological science, and literature.
- c) AAOT-ElemEd will be updating program outcomes and a single course number, to be presented to CoCo before the end of the AY.

3. Accreditation Steering Committee - Dan Lara

- a) Just a reminder again of the mid-cycle visit coming up in October, where they'll be reviewing our progress on their recommendations.
- b) It is also "program review" time! SPARE's will be due by Feb 18.

4. Assessment Task Force – Alison Williams

- a) Cultural competency rubric will be finished soon and presented (hopefully) at the next CoCo. Communication rubric will be sent out soon as well. The next two will be done in spring.
- b) Outcomes assessment for winter term coming up! Participation can be better... watch for an email from Alison about this.

5. Equity and Inclusion – Ben Kaufmann

- a) Black History month website link will be sent out, but E&I has been mostly focusing on Oregon history. Next month is Women's History month. See <https://occcblackhistory.carrd.co/>
- b) There are several faculty attending a seminar on equitable course design! Looking forward to them presenting what they've learned.
- c) Working on plan to publicly launch the Native Lands acknowledgement. Looking at best practice.

 - In addition to certificate programs, two-year associate degrees are also now eligible! So long as they've articulated a career plan/path on transfer.
- b) Outreach efforts have been increases so students know what is available to them, along with efforts to make the program more equitable and transparent.
