# MID-CYCLE VISIT

## **What informal feedback was shared?**

1. Consistent with prior Evaluators, note that OCCC stands out for: commitment to student success and a positive culture (collaboration, responsiveness, creativity, shared commitment, inclined to action).
2. They are impressed by our next Strategic Plan, that is identifies meaningful and aspirational (and in some instances “stretch”) priorities to meet the future.
3. Conveyed they are impressed and somewhat astonished at our continued pace of organizational development, especially considering significant headwinds: pandemic, ERP migration, new Registrar & Fin Aid, starting over with data collection in 2020, and NWCCU standards that changed in 2020.

- 6.** Publication and sharing of achievement data should occur more consistently.
- 7.** The 13 goals identified in our MCE report will serve us well, and #s 3,9 & 10 in particular provide a clear path for what is needed for our year 7 review Fall 2026.
