DIA DE LOS MUERTOS

- OCCC co-sponsored the event at the Driftwood Public Library Nov. 1st.
- The Basic Skills team turned out to staff a booth.
- SBDC outreach specialist and ESOL recruiter extraordinaire, Maria Elosa, co-produced the entire event.

Thursday, November 17th & Thursday, December 1st

We are pleased to offer this important Zoom workshop in partnership with the Oregon Coast Community College (OCCC) SBDC.

Even before the pandemic's wide array of grant and loan programs – which will pop up in many businesses' tax documents for years to come – there were numerous changes to the tax code that meant new challenges and opportunities for small business owners.

This class is going to help you navigate through those various income tax fields.

Wendy Ludwig

CPA, Business Advisor, Capital Access Team, Small Business Development Center, Oregon Coast Community College

Wendy works as a small business advisor and independent personal financial coach. Prior to 2017, she worked in large multinational companies in the San Francisco Bay Area for more than 25 years as a tax and finance professional. She enjoyed leading teams, solving complex financial problems, and meeting thousands of deadlines.

Wendy is a CPA and holds a BS Degree in Accounting from Linfield College. She has volunteered in Lincoln County as a tax preparer with AARP's Tax Aide program and as a Court Appointed Special Advocate for Children.

BREAKFAST &
LUNCH INCLUDED

- Tomorrow, the SBDC will present our own Wendy Ludwig, and the first of her two-part workshop series on Income Tax Essentials for Small Business.
- The workshop will be live-streamed to clients across Clatsop County as well as to business owners here in Lincoln County - who will gather here at the Lincoln City campus and also in Newport.
- Meanwhile, Friday, the SBDC hosts a SLEW of government officials and more to Newport so that even very small local businesses can learn how to win government contracts.

community ed

- Community Ed is sailing along as the term winds down. Last week, the knitters got a little crazy in Lincoln City, burning yarn strips -- a preferred method of determining types of fibers. Rachel Yoder, former LCSD and OCCC math instructor, is leading the knitting class.

- Former LCSD elementary school teacher Mary Beth Guerena and her husband, Dave, have been regulars in the Community Ed scene this term. Even teachers #neverstoplearning!

The Blue Economy
STARTS HERE.

- The Waldport Center was overflowing with Chamber members and elected officials as OCCC and EDALC hosted another bustling chamber breakfast.
- And, don't miss the new banner on the building!

- Two weeks ago, the SBDC worked with local artist and entrepreneur Nora Sherwood shooting marketing videos in the county ec-dev-funded digital studio, as well as with the Siletz Tribe-funded drone.
- The effort marks the early steps to reopen the studios for regular client use post-pandemic.
