OCC Bond Measure on May 2023 Ballot?

On Feb. 15, our Board will determine whether the College will put forth a ballot initiative in the May 2023 election to ask voters to construct a new facility, and enhance existing facilities, to greatly expand career and technical education (CTE) opportunities in Lincoln County. If the Bond measure is approved by voters, successful, employees and community members will be invited to participate in the design process for existing and new facilities.

OCCC's Envisioned Trades Education Facility
Flexible, Adaptable, Future-Focused

Architectural rendering for the proposed new building are on display on monitors throughout our buildings

Community Presentations * to Date & Pending
