 - Been attending the Canvas trainings. Two have been done so far, three more are coming (all on Fridays). Faculty are encouraged to attend.
 - Canvas Tip: When you’re in your Modules view, you can remove pages directly using the three dots on the far right side, then clicking “Remove”. This should only be done if you plan on reusing the page, since it only removes the page from this list -- it doesn’t actually delete the page. To completely delete the page, open the page itself, click the three dots, and click “Delete”.

Action Items

1. Curriculum Vote – MTH 105Z, MTH 111Z, MTH 112Z, MTH 243Z, COMM 111Z, COM 218Z
 - a. Discussion: Student who completed MTH111 when it was still called College Algebra is planning on transferring to a 4year. A: This shouldn't matter. All 4years in Oregon are aware of the change and will count MTH111, even if it wasn't called Precalculus I at the time. Ann verified that there has to be backward transferability of the courses.
 - b. Block voting on MTH 105Z, 111Z, 112Z, and STAT 243Z: Patrick moved to accept, Will seconded. All yea.
 - c. Block voting on COMM 111Z and 218Z: Patrick moved to accept, Laura seconded. All yea.

Announcements

1. More voting members needed, especially Classified
2. Waves (Patrick Misiti): Waves is a long-running near-annual journal. It's fully OCCC staff, faculty, and students. Anyone can submit their writing or visual arts. Please spread the word, especially to students. Submissions are open now until May 26.
