

Bridging the Gap

Student Resource Fair

Presented by:
OCCC's Student Resource Navigator

Learn which community organizations are available to help you.

Everyone needs help sometimes! Our goal is to provide support and assistance to OCCC students to address non-academic needs, like food and housing insecurity, mental and physical health, childcare needs, and more. Come meet with community partners and learn how they are available to help students like you.

For help with:

- Housing needs
- Food insecurity
- Mental & emotional health
- Physical health
- Childcare issues
- Flexible employment opportunities
