Information & Discussion Items

- President's update – Birgitte Ryslinge
 - **VOTERS APPROVE TRADES EDUCATION PROPOSAL!**
With the approval of the Bond, this is what will be happening: within the existing buildings a new roof project is starting 6/17/24 and the admin team will review the Facilities Study to identify other projects on existing facilities that could be completed this summer. The New Building is estimated to be completed in December 2027.
 - **Board of Education President Vacancy Process**
The process is led by the Board. It has been determined the search will be confidential.
Updates when available from the Board will be posted at:
<https://oregoncoast.edu/occc-president-search/>
 - **Foundation**
75 scholarship applications were received. About 84% of them were funded at some level, ranging from \$500 to \$4500. Thank you to the cross-departmental team that read and scored all those apps!
 - **Marketing**
A brand new Google search campaign to drive OCCC brand awareness regionally and locally dropped this week and will continue for two months. OCCC is exploring new digital avenues to reach and communicate with more prospective students of all ages and walks of life. New aluminum "OCCC" letters will appear next Wednesday and

Thursday in front of the main campus, to serve primarily as a backdrop for any passing students who would like a celebratory end-of-term selfie.

- **SBDC**

The SBM program graduated a total of 41 students – including some from Clatsop and Columbia Gorge - in a ceremony held Monday at the Oregon Coast Aquarium. The ceremony included students in the new Restaurant SBM – a first for Oregon_ and the Traditional SBM. Both programs return next year along with RETAIL SBM, another first.

- **Community Ed**

This week 50 people participated in the Aurora/Solar Flare astronomy lecture on Wednesday. The event was streamed live from the North Center to the Newport campus. Professional asteroid hunter Sifan Kahale led the amazing lecture.

Yesterday, Richard Paris delivered his 300th guitar session – 10 years, 3 terms a year, 10 classes a term – in Lincoln City.

- Curriculum Committee – Alberto Flores and Melissa Batchelor
 - CG 130 Today's Careers – Explores a wide range of occupations and identifies the educational and skill requirements for each. Covers ways of gathering information about specific occupations. Includes perspectives on a variety of careers to further illustrate the realities of the world of work.
 - Help Title II students figure out which direction they want to go. It could even be offered to High School students as well.
- Accreditation Steering Committee – No Update
- Assessment Task Force – No update
- Equity and Inclusion – No Update
- Associated Student Government – No Update

Action Items

1. First Read – CG130
