## **President's 2025-2026 Budget Message** **Dr. Marshall Mease Roache, President**

---

### **Introduction**

Thank you for your review of this budget document. The budget herein is presented to the Oregon Coast Community College (OCCC) Budget Committee and district residents. This budget message describes our current budget environment, our approach to resource allocation, and our budget process. The 2025-2026 Budget for Oregon Coast Community College adapts to the current fiscal environment and builds capacity for the future within limited available resources.

Over the last decade, OCCC has seen significant changes from independent accreditation, passage of a community funded Bond, increased success in securing grants, approval to administer our own federal financial aid and new leadership in the form of new Board of Education members and a new college President. Growth in the General Fund reflects enrollment growth, programs added to address the needs of students and industry, and structural changes to support independent accreditation. As a result, our budget has also evolved.

The cumulative impact of these changes on the current budget is substantial. For comparison, OCCC's total budget for the 2018-2019 year was approximately \$11 million. The total budget for 2025-2026 is \$70,139,446.

The following are additional Relevant Conditions and Trends impacting budget development.

- System changes for independent accreditation: OCCC's recognition (2020) as an independent regionally accredited college created additional responsibilities for the College, which included a Registrar's Office, Financial Aid Department, and enhancing certain Human Resource functions. Redesign of pre-existing systems throughout the college has also been required.
- Rising costs, particularly in compensation: Appropriate compensation is important from a pay equity perspective, and essential to the functioning of an independent college. Staffing costs account for 76% of general fund expenditures. It is a continual challenge to fund compensation at a level which considers our rural environment and small college resources while maintaining fairness for employees and remaining competitive in terms of recruitment and retention.

- Facilities: Current buildings are aging and increasingly require maintenance. Meanwhile, the lack of specialized Career Technical Education (CTE) space limits the extent to which needed CTE programming can be delivered. The 2024 Bond measure addresses these facility needs.
- Partnering organizations: The community and students continue to benefit from partnerships OCCC has established with other community organizations who not only work with the College, but also either provide or collaborate on bringing additional fiscal resources to specific programs and endeavors. These include Health Districts, LCSD, Northwest Oregon Works, Port of Toledo, CTSI, Samaritan Hospitals, and Oregon Coast Aquarium.
- Changes in Oregon CC Funding Formula: Last year the Higher Education Coordinating Commission began phasing in changes to the distribution model, moving from a strictly enrollment-based formula to also consider outcomes. The impact will be initially modest but will grow over time.
- Demand for new programming: We believe our post-pandemic enrollment recovery (one of the strongest in Oregon community colleges) is rooted in our evolution towards a student-centered college. This requires continued investment in new programming that meets Lincoln County students' needs. Offering pathways that lead to living wage jobs requires resources.
- Spending sustainability: In the 24-25 budget, administration worked with the Board of Education to establish a goal to reduce reliance on one-time funding from 11% to 7% over a four-year period. Over the past two years the reliance on one-time funding has decreased to 9.5%. With the passage of the 2024 Bond measure, this goal should be re-evaluated in the future.

## Discussion

This budget provides the necessary staff and support for the requirements of an independent college and supports the varied and changing needs of our students and community. Returning and new students bring with them expectations for access to state-of-the-art technical learning environments, flexibility in access (remote one day, on-site the next) and increasing need for support to address the many barriers to education. Needs exceed the resources generated annually, and as in prior years, a carefully stewarded ending fund balance from the prior year allows us to balance the budget and keep capacity in place while we seek to fulfill the next Strategic Plan. The 25-26 budget provides a 12% contingency in the General Fund and an anticipated transfer to the Reserve Fund of up to \$1,575,000 to bring the balance in that fund to potentially over \$1,882,000 for Board-directed spending.

The 2025-2026 budget serves students and continues our investment in strong organizational capacity with a mindset for growth. It reflects our appreciation that Lincoln County has invested in

building a state-of-the-art Trades Education facility. The budget leverages grant opportunities to advance the strategic priorities of the College. The budget positions us to continue to grow our enrollment as we believe our mission and Lincoln County demands. It has been prepared based on conservative assumptions knowing that we need to not only balance the current year budget, but to build stability to serve Lincoln County in the years to come.

**The Budget Process**

Local Budget Law of the State of Oregon (hereafter State), reflected in Oregon Revised Statutes 294.305 through 294.565, requires the chief Budget Officer of a local government to prepare a formal budget message that helps the Budget Committee and the public to understand the proposed budget. This message is intended to satisfy the requirements of the Oregon Revised Statutes as they pertain to the budget for the Oregon Coast Community College District for Fiscal Year (FY) 2025-2026. The budget for the Oregon Coast Community College District has been prepared in accordance with the budgeting and forecasting policies of the elected officials – known collectively as the Oregon Coast Community College District Board of Education – who are responsible for the administration of the College. Specifically, the budget has been prepared in accordance with Board Policy 6200 Budget Preparation, which reads, in part, as follows:

*Each year, the President shall present a budget to the Board of Education. The schedule for presentation and review of budget proposals shall comply with Oregon law and regulations and provide adequate time for Board of Education study. Budget development shall meet the following criteria:*

- *The annual budget shall support the College’s strategic and educational plans.*
- *Assumptions upon which the budget is based are presented to the Board of Education for review.*
- *Changes in the assumptions upon which the budget was based shall be reported to the Board of Education in a timely manner.*
- *Budget projections should address long-term goals and commitments.*

As required by State Budget Law, the Oregon Community College Accounting Manual, and other applicable policies, we hereby present to the Oregon Coast Community College Budget Committee and the Board of Education a balanced budget for the 2025-2026 fiscal year. As with OCCC budgets in the past, this budget has been prepared on a modified accrual basis of accounting (revenues reported when earned; expenditures reported when the liability is incurred; taxes accounted for on a cash basis, when received). The result is that carryovers of financial obligations from year to year are precluded and projections of anticipated revenues are not inflated.

The budget is a quantitative expression of the mission of Oregon Coast Community College and addresses current economic realities and future needs of the institution. To continue our progress in an environment of great uncertainty and significantly constrained financial resources is a testament

to the commitment, professionalism and adaptability of the faculty, staff, and administration of Oregon Coast Community College.

### Funding Model & Financial Resources

There are three major components of community college revenue: the Oregon Community College Support Fund (CCSF), local tuition and fees, and local property tax (property taxes reflect a 3% increase based on information from the County regarding Taxable Assessed Values and the Urban Renewal Excess.)

### Community College Support Fund (CCSF) and Tuition

The CCSF is the primary source of state funding supporting educational and operational expenses at Oregon's 17 community colleges. The CCSF distribution formula aims for equitable distribution of public resources per student, considering both CCSF and local property tax dollars. This fund provides investment in a range of educational activities, including associate degrees, transferable postsecondary undergraduate coursework, career and technical education, pre-college, adult basic education, literacy, and local workforce training. As noted, the CCSF formula changed to include an outcomes-based component beginning in 2024-2025.

The second source of college funding is Tuition and Fees. Implementation of a tuition increase was approved for 2025-2026 (per credit \$4 tuition, \$1 fees). Both CCSF and Tuition and Fees are dependent upon enrollment levels. Consequently, the tracking and projection of revenue is highly dependent upon enrollment trends and projections. Community college enrollment across Oregon has declined since 2016 and was severely exacerbated by the pandemic. OCCC is one of the few CC's that has now exceeded pre-pandemic enrollment.

### From Program Review to Budget

SPARE (Service and Program Area Review and Evaluation Process) is an annual process used at OCCC for programs and specialized operational divisions to document objectives, assess progress, and identify needed resources to address gaps between objectives and outcomes. Since 21-22, most areas (instructional programs and service areas) complete a SPARE, which includes resource requests which become inputs to the budget development process. All SPARES are reviewed by the Executive Team (ET) to develop a resource request master list, adding institutional priorities which did not emerge via the SPARE process. ET then works to identify available funding sources: grants if applicable, unspent prior year funds, inclusion in the next budget, or not funded at this time.

### **Integrated Planning and Budgeting**

The 2025-2026 Budget remains designed to fulfill the mission of the College, and to advance strategic priorities. Mission fulfillment at OCCC is framed in the two core themes of the College: Student Success, and Educational Pathways. Specific priorities and supporting initiatives are identified in the College Strategic Plan 2023-2028. Multiple mechanisms connect planning and budget.

*Mission: At Oregon Coast Community College, we equip students for success by providing educational pathways and supports in response to the diverse needs of our community. Through accessible, engaging programs and a commitment to equitable outcomes, we enrich the economic and civic vitality of Lincoln County and beyond.*

OCCC's Strategic Plan (CSP 2023-28) builds and expands upon the 2015-2022 "Five Big Ideas" framework. The new CSP is the result of a year-long process led by former President Ryslinge, engaging with the College Board of Education and employees, industry partners, Lincoln County School District, various data sources, and the Economic Development Alliance of Lincoln County. Each year, the College will adopt a series of Planned Activities to ensure progress – and, within five years, achievement – of the five Strategic Priorities.

## Conclusion

The budget was developed through college participation, via the SPARE, the Budget Alignment Process (BAP), departmental input, and careful review by the President and the College Executive Team. Through cost containment, the budget addresses the current economic realities and needs of the institution and staff, while building for the future.

Since 1987, OCCC has continued to face challenges head-on and has managed its financial resources to fulfill its mission. The college has proven its value to the community as seen in its student growth and community investment. This budget reflects that fact. I am privileged to serve as the new President of OCCC during the next chapter of our college's history. The people that make up OCCC continue to serve our students and Lincoln County. Every day, we grow in our commitment to be a truly student-centered and community-centered college.

Thank you to all the employees of OCCC, our Board of Education, our students, our Foundation, and all the community members and organizations that support this work.

## DETAILED PLANNING ASSUMPTIONS FOR THE FISCAL YEAR 2025-26

### **General Fund Revenue Assumptions – the major revenue-related assumptions that were used as a basis for the FY 2025-26 budget:**

- This is the second year of the HECC-directed CCSF modifications, to add enrollment categories and completions as components of the funding model. Impact in year two is designed to be minimal (2.2%) but will increase to 10% by the 27-29 biennium.
- This is the first year of the 2025-2027 State biennium and the estimate used for the funding base for the Community College Support Fund (CCSF) is the Governor's Recommended Budget (GRB) of \$854.2M.
- The College has used a final enrollment estimate for FY 24-25 of 520 reimbursable FTE for purposes of estimating the FY 25-26 CCSF, giving us a funded FTE of 501.
- Property Taxes reflect a 3% increase based on information from the County regarding Taxable Assessed Values and the Urban Renewal Excess as well as the rate of tax collection over the last couple of years.
- Tuition and Fees:
  - An increase to tuition of \$4/credit and an increase to the technology fee of \$1/credit was approved for FY 25-26.
- Funding support from LCSD of \$159,305 to share costs for the Dual Credit, Early College, Nursing Assistant, Welding, Computer Science and Juntos program. This is assuming flat funding and the support of the same programs as in FY 24-25.
- Funding support from the Foundation and local Health Districts of \$80,000.

### **General Fund Expenditure Assumptions – the major expense-related assumptions that were included in the FY 2025-26 budget:**

#### Personnel costs reflect:

- A salary increase across all College employee groups as a result of collective bargaining.
- Staffing:
  - Existing vacancies being left unfilled (1.0 FTE)
    - 1.0 FTE Math Faculty
  - Existing or upcoming vacancies recruiting to fill (7.45 FTE)
    - 1.0 FTE Nursing Faculty
    - 1.0 FTE Allied Health Faculty
    - 1.0 FTE Director of Financial Aid
    - 1.0 FTE Assistant Registrar (Technical)
    - 1.0 FTE Instruction & CTE Coordinator (Classified)

- 1.0 FTE SBDC Administrative Assistant (Classified)
- 1.0 FTE Facilities Repair Person (Classified)
- .45 FTE Foundation Administrative Assistant (Classified)
- New positions (1.25 FTE)
  - .75 FTE Lab Assistant-Biology (Classified)
  - .50 FTE Student Instructional Aide-Nursing/Allied Health (Casual)
- Employer PERS rate increases for the 25-27 biennium of 3.43% for Tier 1/2 and 4.01% for OPSRP.
- A 6.5% increase in health insurance premiums.

Non-personnel expenditures reflect:

- An 18% increase in the property and general liability insurance premiums.
- A 1% increase in Material & Services (M&S) costs.
- A \$185,000 set-aside for capital expenditures.
- A 12% contingency fund balance reserve in the General Fund.
- Continued one-time funding of initiatives related to program development and strategic growth.
